**Regarding:** Mandatory PCM Calibration

---

## Effective Immediately

All MX-5 cup competitors will be required to use the official MX-5 Cup PCM calibration file. The calibration file is to be installed by series officials only. The cost to the competitor is \$650 per PCM. The supplier will extend a \$100 discount for properly displaying the company's decal. Mazda will subsidize an additional \$150 of the cost, making the final cost to the competitor \$500/\$400.

The Series' use of the new spec file will ensure absolute parity among all PCMs in MX-5 Cup.
