SCCA Pro Racing is excited to announce online registration for all Pro Racing events for 2010! Using our partner MotorsportReg.com, teams will be able to register for the season, enter each race and pay online in lieu of mailing or faxing your forms to the office. There is no additional fee for this service.

Getting registered is a 2-step process: create an account once and then register for one or more events.

Teams who have not registered for the season:

1. If you do not already have one, create an account on MotorsportReg.com at <http://SCCAPro.MotorsportReg.com> by clicking the "Register" link. Multi-car teams will need one account per car in order to provide all of the required details.
2. Once registered and logged in, click the "My Account" tab at the top right.
3. Review your car, making sure your preferred numbers and transponder number are correct.
4. Returning to <http://SCCAPro.MotorsportReg.com>, click the green "Register" button for the series pre-registration you wish to enter.
5. Follow the steps, selecting the appropriate options and enter your payment information. Visa, MasterCard, Discover and e-Checks are accepted.
6. We will review and approve your registration and confirm your car number.
